## About Bahrain

The storied location of the ancient Dilmun empire and home to the epicentre of the Gulf's pearling past, Bahrain has a history to reflect on with pride. Bahrain has a long and rich history that dates back to at least 5,000 years ago, at which time the region served as a trading centre between Mesopotamia and the Indus Valley.

Boasting its own Formula 1 Grand Prix, a growing art and foodie scene heavily cross-pollinated by Manama's huge expat population, and a wealth of activities enjoyed on the azure waters surrounding this collection of islands, Bahrain will appeal to travellers who seek an unpretentious, yet confident country bearing all the hallmarks of a modern, wealthy Gulf nation.

This multilayered and multicultural destination is capital of pearl diving and known as land of two seas. Sofitel Bahrain has the advantage of being surrounded by Bahrain's national landmarks such as Bahrain International Circuit, Gravity Indoor Skydiving, Al Areen Wildlife Park & Reserve and the Lost Paradise of Dilmun Water Park.

## Sofitel Bahrian Zallaq Thalassa Sea & Spa's Location

The hotel is located in the south of the island allowing a true retreat from the hustle and bustle of the city. 38km from Bahrain International Airport, it takes approximately 35 minutes to reach the hotel by taxi from the airport, 25 minutes from the capital Manama and only 5 min from the Bahrain International Circuit (BIC), Gravity Indoor Skydiving as well as the biggest aqua park Lost Paradise of Dilmun.

## MIDDLE EAST'S ONLY THALASSA SEA & SPA

Created in France, the Thalassotherapy has become a well-known healthy, relaxing and revitalizing procedure to resource your body using sea water treatments. Let the sea take care of you and reveal its astounding regenerative properties, as Sofitel Bahrain Zallaq Thalassa Sea & Spa is the first hotel in the Middle East to offer Thalassotherapy treatments using the benefits of seawater and the premium products, used by dermatologists worldwide.

The 2000m<sup>2</sup> complex is separated into 14 different rooms, 6 of which are used for dry treatments such as massages where 8 rooms are used for the Thalassotherapy and other water dependent treatments. Each room is infused with an aroma that further highlights the natural element of blending seawater hydrotherapy, massages, and wellness programs. In addition, the facility boasts a cutting edge seawater hydrotherapy pool, a freshwater pool, saunas, steam rooms, hairdresser for men and beauty salon for women, as well as a Ladies Gym.

With a permanent focus on purity, the sea-water used in the Thalassa Sea & Spa is sourced from the deep waters of the open sea, filtered, and then heated to 33°C. This promotes the relaxation of muscles, stimulate the blood-flow, and help the absorption of active ingredients. This method of deriving seawater to create an idyllic feeling has made Thalassa Sea & Spa the forerunner of Thalassotherapy in France, and now in the Middle East at Sofitel Bahrain.
